one of the conditions under which
the land was granted to the city
hockey club is that it should hand
it over whenever required by the
second party (MLCL). Even after
taking away an extra 60 x 38 ft, the
Hockey club would still have the
use of 120' x 38 ft for its use
Sport requires any large area, still
a portion of the land now used by

LAW DEPARTMENT BANGALORE

Sir,

I have the honour to state that the Mahila Seva Samaj, Basavangudi was granted land measuring 3124/9 square yards by the Government in their Order No. L. 984 85/M1 53 40 137 dated 8th May 1941. The order was communicated to the Secretary and an agreement was also got executed and registered. The boundaries on the land was about to be handed over when the Secretary City Hockey Club Bangalore presented his letter dated 11th August 1941 that the land that is being used by the playground would be reduced. They represented that they had spent a considerable sum from money over the land for improvement and that it was best suited for the purpose they therefore requested that they may be permitted to use the entire land without handing it over to the Samaj. The City Improvement committee at their meeting held on 30th August 1941 considered the above application and resolved that the prayer of the City Hockey Club be upheld and that the possession of the land in question to the South of the Samaj need not be handed over. The subject came up before the Municipal Council and they approved the recommendation of the City Improvement Committee and according to their resolution an extent measuring [illegible] already granted to the Samaj is to be cancelled retaining the extent of land in front of the Samaj measuring [illegible] x 19 as shown in the sketch Enclosed a copy of the resolution of the City Improvement Committee and

the Council for information and request that orders of the Government may be obtained in the matter. I may add that the City Hockey Club was permitted to use the land for the playground on condition that the land should be handed back to the Municipality whenever required as resolved by the Council on 17th September 1936 and an agreement was got executed also to that effect on 13th January 1937

I have the horour to be,

Sir

Sir,

I beg to remind you of the grant of the strip of the land between the Samaja and Sri Parvatiamma Boulevard and also the land measuring 380' x 60' adjacent to the Samaja towards the Sout According to letter No B6 P R 44/41-42 dated 29-7-1941 from the Revenue Officer, the Secretary of the Samaja and I accompanied by the Revenue Officer, executed an agreement at the Sub-Registra Office on 27-8-1941 But the said land has not yet been placed at our disposal I request you kindly to hand it over to us soon

I also wish to place the following facts for your further kind consideration I learn that the whole playground between th National High School and the Mahila Seva Samaja has been divided into 6 plots of 60 yards each, of which two units are given to t National High School and one is given to the New High School and other three have been given to three private clubs Now you hav been kind enough to grant us 20 yards or 60 feet This small str of land is not of much use to us and at the same time it deprives the club which used that plot before of a good portion of their p ground It is too narrow for us even to lay out badminton and basket ball courts as they are to be done South and North and not Fast and West

I may mention here that the Mahila Seva Samaja is a growi institution It has been conducting a High School, a Middle School, an Adult School and a Nursery School and nearly 700 girls and children are studying there We expect the strength to inc

every year The following remarks of the Deputy Director of Public Instruction will convince you of this He says," There are only two classes of the First Year class as in the previous year, but the total strength of that class is in excess of one hundred pupils Th demand for seats in girls High Schools is so large particularly in that part of the City, that an additional section of the First year class next year would be greatly welcomed by parents " Regarding the playground he says, 'The real dificiency is in the respect of playgrounds At present there is very limited space in the school compound that is made use of the girls for playing The Municipality have given a piece of land 60 feet wide, adjoining the school to serve as a playground, but it is too small to meet the requirements of the school The management propose to move the Municipal Council for grant of a larger extent of land"

One particular fact, I wish to place before you You know the Mahila Seva Samaja is a girls' institution and cannot be treated in the same way as a boys' school Girls require some privacy and cannot play in a public ground like boys Whatever additional ground you grant, we have to put up a wall round it which I need not say here, costs a ggod deal of money So if you will kindly grant us at least one unit of 60 yards which you have given to other educational institutions we shall put up a wall once for all

I hope you will kindly consider the question again and increase the playground to 60 yards

I beg to remain

being called for from the Municipal Councillor as to whether the Associations using the land [redacted]ional High School and the Mahila Associations

growing institution It has been conducting a High School, a Middle School, an Adult School and a Nursery School and nearly 700 girls and children are studying there We expect the strength to increase every year The following remarks of the Deputy Director of Public Instruction, Bangalore, will convince you of this He says, "There are only two classes of the First Year as in the previous year, but the total strength of that class is in excess of one hundred pupils The demand for seats in Girls' High Schools is so large that an additional section of the First Year class would be greatly welcomed by Parents" Regarding the ground he says, "The real difficiency is in the respectof playgrounds At present there is very limited space in the school compound that is made use of the girls for playing The Municipality have given a piece of land 60 feet wide adjoining the school to serve as a playground,but it is too small to meet the requirements of the school The management proposes to move the Municipal Council for grant of a larger extent of land"

One particular fact, I wish to place before you You know that the Mahila Seva Samaja is a girls' institution and cannot be treated in the same way as a boys' school Girls require some privacy and cannot play in a public ground like boys Whatever additional ground you grant, we have to put up a wall round it which I need not say here cost a good deal of money So if you will kindly grant us at least one unit of 60 yards which you have given to other educational institutions, we shall put up a wall once for all I hope you will kindly

In May 1941 Government ordered the grant of land measuring 3,124 1/9 sq yds to the Samaja and an agreement was got executed and registered When the possession of the land was about to be handed over, the Secretary of the City Hockey Club represented that the proposal to hand over to the Samaja the land to its south would reduce the extent of land available to the Club, and requested that the Club may therefore be permitted to continue to use the entire land The Municipal Council resolved to accede to the request of the Secretary of the Hockey Club They accordingly decided that the grant of land to the south measuring 380 x ~~90'~~ 60' to the Samaja should be cancelled, and only the strip of land in front of the Samaja measuring 280' x 19' should be granted The papers have been sent up by the Municipal Commissioner to Government for cancellation of the grant of an extent of 380 x 60 already made to the Samaja The Municipal Commissioner has also sent a sketch showing the Associations using the land between the National High School and the Samaja, along with the agreement entered into by the Hockey Club in rega d to the use of the land (It is seen from the agreement that the Club has agreed to hand back the land to the Municipality whenever required) Information is being called for from the Municipal Councillor as to whether the Associations using the land between the National High School and the Mahila Seva Samaja are registered Associations
